47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I choose Sonic because their customer service, product, and security means I can choose a better company. Without them I would be stuck choosing a company who offers a far worse experience. We need competitors in this space to keep companies moving forward to make our future a better place.

Allowing companies like sonic to function is the backbone of America and why our country is great. I use sonic because they offer the best speed around and I wouldnt have been able to do my job without their amazing speeds. I work from home and can do so because of it. I used to have Comcast that always went out on me and made my day longer because of a horrible commute. Please let us keep sonic.
